COLLECTORS PIECE

Here's something rather nice! These collector's pieces are quite inexpensive and the enthusiast will find he can gradually build up quite a collection without spending out too much of his pocket money.

This one is of a French Cuirassier of the 7th Regiment, 1815. When painted and finished, in his richly-coloured uniform of red, blue and yellow, you'll find he makes a very impressive piece for your collection.

The RUSSIAN MOSKVA

1/600 scale helicopter carrier. 141 parts. Completed kit measures 33cm (13") long and comes with display stand. Extraordinary fine detail, even to the small anti-submarine helicopters with which the ship is equipped.
